

my mom ends all of her e-mails with an inspirational quote from vince lombardi so that I'm often receiving messages from her like:

btw, has your apartment and bedroom been warm enough?

at costco, did you need anything?

so I found some cheap toner on Amazon. Do you have the Amazon prime Student account? Are you planning on ordering stuff from Amazon soon? I ask because I can get free shipping if I order more than \$35 but the toner is only 9.99 and I don't need anything from amazon right now (otherwise there is a shipping fee for the toner). No biggy, I just wanted to save the shipping cost if you were going to order stuff anyway.

Also, should I have the toner shipped to your new address, will it be left somewhere safe? (If I ship it here at home there is a risk it will come after we leave for Australia and it might get left outside since it won't fit through the letter slot here). Let me know what you want to do.
